

March 17, 2020

Sixth Grade Parents,

Due to the current school closure, the sixth grade team has created an online education, or paper option, for our students. Each sixth grade teacher has attached an individualized direction sheet to the packet sent home for each subject. Please read over the directions, and feel free to contact any of the sixth grade teachers by email with questions and/or clarification. Our school website will also have a link for all 6th grade material sent home. Students need to complete the assignments for their current rotation (Art, Gym, or Ag). We understand that the current situation is not ideal, and came upon us suddenly. However, we will do our best to meet the educational needs of all sixth grade students and be supportive of parents during this time.

Sincerely,

Your Sixth Grade Team
