October 2020

Dear Parent/Guardian,

Our year is off to a fantastic start! It is hard to believe that we are nearing a quarter of the way through the year already. Students are settling into their routines and are learning many new things.

Our staff has been busy getting to know the students. We just completed many diagnostic assessments to determine what students know and are able to do. This data will help our staff instruct your student at an appropriate level. It also helps our staff use flexible grouping for our intervention/enrichment period. Five days a week, your student participates in intervention or enrichment. Your student may be in an extra help group, a practice group, or in an enrichment group based on their individual needs. These groups are flexible and are driven by student performance data. All students in the school participate in this period.

I have had the opportunity to meet and talk with many of you and have enjoyed your valuable input. One thing I would like to encourage is that you first talk to your student's teacher or bus driver if there is a problem or concern and try to resolve the issue at that level. If the problem or concern continues, feel free to contact me so we can find a resolution.

If you have not already done so, please sign up for a time to meet with your student's teacher via Google Meet, phone conference, or through messaging/email. Teachers have been reaching out to parents this month to talk about student progress.

The end of the nine weeks is October 30th. Grade cards will come home the following week. We have several inservice days coming up which means your student does not have school. Upcoming inservice days are October 23rd, October 30th, November 3rd, and November 30th.

I want to thank you for your continued support of the school and district. I want you to know that I am at your service and to let me know if you have questions, concerns, or suggestions.

Sincerely,

Katrina J. Wagoner
Russellville Elementary Principal
